School Description

Nordstrom Elementary School is an exceptional place for learning! The student and staff population reflect not only the city's ethnic diversity but also its economic, physical, and social complexity. We celebrate the fact that 15 different ethnicities are represented among our student population. Nordstrom is a learning community of students supported by staff, parents, volunteers, community agencies, and businesses working together for academic excellence. Nordstrom School fosters a climate of inclusiveness that allows all students to succeed.

Our goal is to provide abundant opportunities for students to achieve their maximum potential as learners, which is consistent with the school goals established collaboratively by teachers and parents. Our efforts focus on continuing to increase student achievement in math problem solving, reading comprehension, writing, and improving the language skills of English learners. Our school focus is for students to demonstrate growth in writing due to quality first instruction that supports the different learning needs of all students in the classroom. Our challenge is to close the achievement gap between all subgroup populations. Best practices include sharing effective engagement strategies, small group instruction, Guided Language Acquisition Design (GLAD) strategies, workshop model teaching, guided reading instruction, peer observations, co teaching, and mentoring.

Nordstrom School is an educational community where students, families and staff partner to ensure the success of every child. Students and staff work creatively, reason critically and embrace innovation. Responsibility is shared within our community to foster rigorous academics, digital ethics and to impart 21st century skills.

During distance learning in the Spring of 2020, Nordstrom continued to provide academic instruction to students in the virtual environment. This instruction continues into the 20-21 school year, which has remained mostly virtual. In the Fall, two teachers were selected to participate in a pilot program, bringing back over 30 students for in person instruction. The success of this program allowed Nordstrom to add three additional classes in December and three more in January. Virtually, teachers continue to support the individual academic needs of their students through small group instruction and engaging videos. Grade levels are incorporating classroom and grade level activities that were traditionally completed on campus, into their virtual classroom. Nordstrom is also providing enrichment opportunities through the Starting Arts dance program and SEL supports in collaboration with Discovery counseling using the Why Try program.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements (Most Recent Year)

Nordstrom was built in the mid 1960's and was dedicated in 1965.

As part of the Measure G Bond funds, Nordstrom was re-roofed, new HVAC units installed, fire alarm system replacement and received a technology infrastructure upgrade which included WiFi in every classroom and exterior, a new phone system and a new public address system including new clock and speakers throughout the campus. As part of the classroom technology upgrade, they received a new projection device in each of the classroom.

Demolition of the 10 portables classrooms has began along with the construction of the permanent classrooms.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

ELA	67	N/A	52	N/A	50	N/A
Math	62	N/A	43	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-21)

Parent volunteers provide extra hands to help Nordstrom School run smoothly on a daily basis. Usually, The Home and School Club organizes three large fund-raisers to support the school library, technology, classroom supplies, enrichment such as dance and theater, lunch time coaching, and field trips. They also sponsor the Fall Family Fun Night and Dinner, where families share food and good company in a relaxed environment in order to build the school community. We have a Holiday Celebration where families may play games, small budget shopping for kids, and have "Cocoa with Santa". To encourage community, movie nights, dances with parents and students, bingo nights, Back to School Nights are initiated on campus. These activities encourage parent involvement on campus. Due to COVID-19, these activities have been postponed, but the Home and School Club continues to support Nordstrom by providing recognition for teachers as well as funding part of the Starting Arts program. During monthly meetings, parents work with staff on our School Site Council to help make budget decisions, while an active English Language Advisory Committee provides support for our English learner community. Once all students return to campus, we look forward to parents being able to support an afterschool science club, a theater project, a choral music program, band, chess clubs, robotics club, organized recess activities five days a week, and a GATE enrichment program. This year Nordstrom is looking forward to providing visual and performing arts (VAPA) weekly through our parent community. Students will participate virtually in dance, and theater with small productions for parents as a culminating event. The contact person for parent involvement is our Home and School Club President Lesa Pfeffer.

This year we also will be celebrating our school diversity with a multi-cultural fest. We have had success with this event in the past and plan to transition to a virtual experience this year. Students learn cultural dances, play games, or they are just educated about the countries where their friends families originated. It is a special day run completely by our families.

Parents have the opportunity to participate, at no cost, in the District's Project to Inspire program through the California Association of Bilingual Education. The 12 week sessions cover the US Educational System, Learning Standards, advocacy strategies, and parent school leadership.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2020-2021)

School staff monitors the school grounds for 15 minutes before and after school as well as at all recesses and at lunch time. Teachers regularly review the rules for safe, responsible behavior in school and on the playground. Our School Resource Officer (SRO) presents a Student Safety Assembly for students. Project Cornerstone was implemented to help train students in appropriate behavior both inside and outside during recess. Home and School Club has provided Nordstrom with the opportunity of organized play provided by OneYard Youth Sports Organization before school, during all recess, and during the lunchtime. We have a closed campus that is fenced on all sides. Visitors must enter the school through the main door and sign in and out at the office, where they receive a visitor's pass to wear throughout their stay.

We revise our School Safety Plan annually. The plan includes procedures for emergencies, exit routes, and inventories of emergency supplies. We keep copies in the office for parents and share the plan with all staff during a school-wide staff meeting. We practice fire drills monthly, earthquake drills three times a year, and hold trainings for staff on emergency preparedness annually. Nordstrom staff is trained with the Morgan Hill Police Department for emergency lockdown and continue with Run Hide Defend Drills annually. Further, parents are offered opportunity for training of the Run Hid Defend protocol. In addition to the traditional plan, we have also added a COVID-19 safety plan as we slowly transition student back on campus.

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Suspensions	.002	.04	n/a
Expulsions	0	.001	n/a

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	6	6	9

Nordstrom teachers and staff promote a Professional Learning Community through weekly collaboration, district professional development sessions and numerous on-site activities. Topics for weekly collaborations are guided by the leadership team made up of one teacher from each grade level. To further the learning of innovative teaching strategies, staff have read professional books on best teaching strategies, participated in professional development in English Language Arts/ELA/ELD strategies, the grade level teams use half day planning days for analyzing data and designing next steps for students, and use release time to observe and discuss specific teaching practices of colleagues. Collaborative time includes dialogue surrounding the readings to further understanding on theory and implementation, cross grade level collegial discussions and planning, distributed leadership teams that support student achievement, school climate, and community outreach, and outside professional development to enhance the curriculum planning.

In 2016-2017, all teachers were trained in the new Math Curriculum, Pearson Investigations. This was a shift in practice and learning for teachers and students because the lesson delivery is inquiry based rather than direct teaching. Students are asked to be problem solvers and to think deeply about their methods of mathematical reasoning.

In 2017-18 the district adopted Language Arts McGraw Hill Wonders. Instructional shifts have progressed so that all students will begin to master the essential standards. Training continues for all teachers in E. L. Achieve, the district's support curriculum for ELD (English Language Development) for English learners as well as the integrated supports in McGraw Hill Wonders.

In 2018-2019, all teachers were trained in the new Pearson Social Studies Curriculum. Soon after the training, all staff continued to collaborate within their grade level teams to develop units of study. The curriculum compliments our ELA curriculum and each program supports the other.

In 2019-2020, teacher leaders and the Principal attended Writer's Workshop training at Teacher's College/Columbia University in New York. The writing units of study were purchased for each teacher on the campus and we are learning, planning, and teaching using the best practices taught to us. The

teacher leaders are demonstration classrooms for other teachers to observe and gain insight on delivery of the lessons, to plan lessons, and to answer questions. They also are modeling and training teachers from other school sites on workshop lessons.

In 2020-2021, teachers were selected to attend a virtual Teacher’s College/Columbia University training that allows us to continue training our staff in the writer’s workshop model. Writing videos that matched units of study were purchased so teachers could continue implementing this program while teaching in the virtual environment. Additional staff trainings focused on creating differentiated instruction when using digital resources so the teachers at Nordstrom could continue to support the various needs of their students.

All teachers were provided training on strategies and platforms to teach during Distance Learning. They continue to receive ongoing support by the District's Teachers on Special Assignment.

Professional development was offered to administrators and teachers regularly during the school year and summer by district and school staff and external partners. Individual schools prioritize and align their professional development learning to their approved School Plan for Student Achievement (SPSA) and the Local Control Accountability Plan.

Types of Services Funded

Most site funds come from site based allocations based on student population and attendance. This money is used to support the daily operation of the school, purchase classroom supplies, and help move the school forward academically. State funding supports our English Language Learners by funding an after school Intervention Program and provides support within the classroom. In addition, state funds also support our GATE students, technology needs, Safety Patrol, and provide intervention materials and additional instructional materials. Nordstrom also receives donations from a wide variety of sources to help with supplies for the classroom and special projects. The Home and School club organizes three major fund-raisers to provide classroom enrichment, supplies, and field trips.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California’s new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California’s diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
