

Trustee Boundary Maps

Morgan Hill Unified School District

Presented by Ken Reynolds
President, SchoolWorks, Inc.

INTRODUCTION

This presentation illustrates several options for the District to re-balance the population for each of the trustee areas..

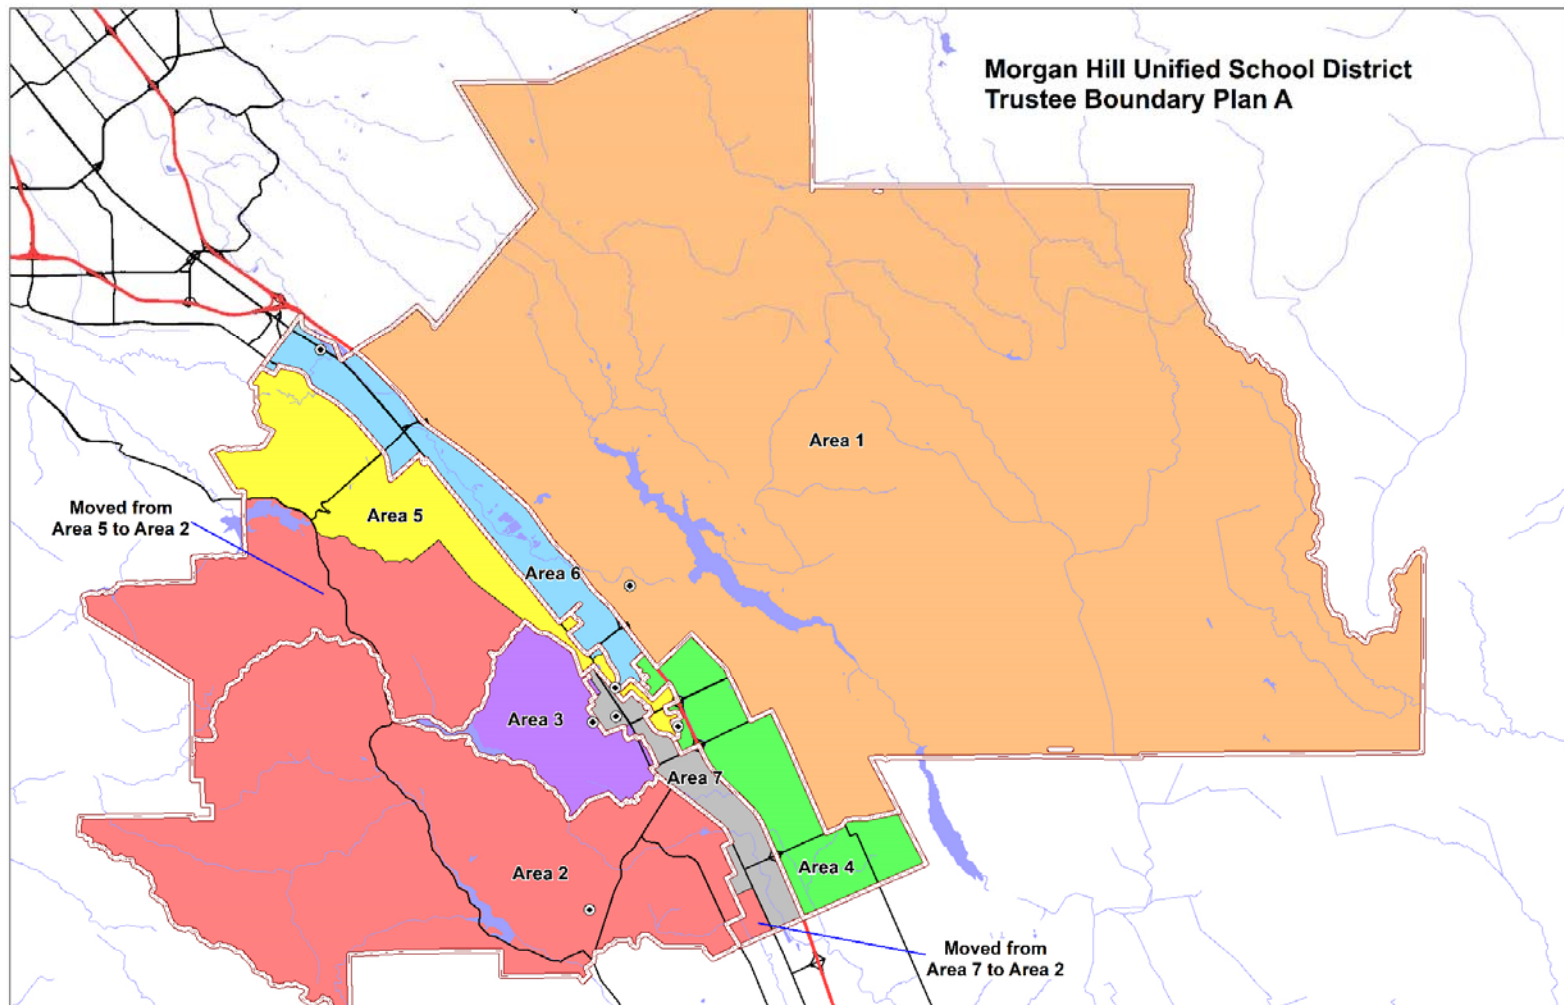

- The general guidelines for drawing trustee boundaries include:
 - Topography & Geography
 - Communities
 - Cohesiveness & Contiguous
 - Location of Current Trustees
 - Equal Population
- For each scenario, there are maps showing the boundaries for each trustee area, a table showing the population in each trustee area and the variance from the ideal population. The peak deviation must be less than 10% for the maps to meet the legal requirements. Finally, details of the racial/ethnic populations are provided.

Notes:

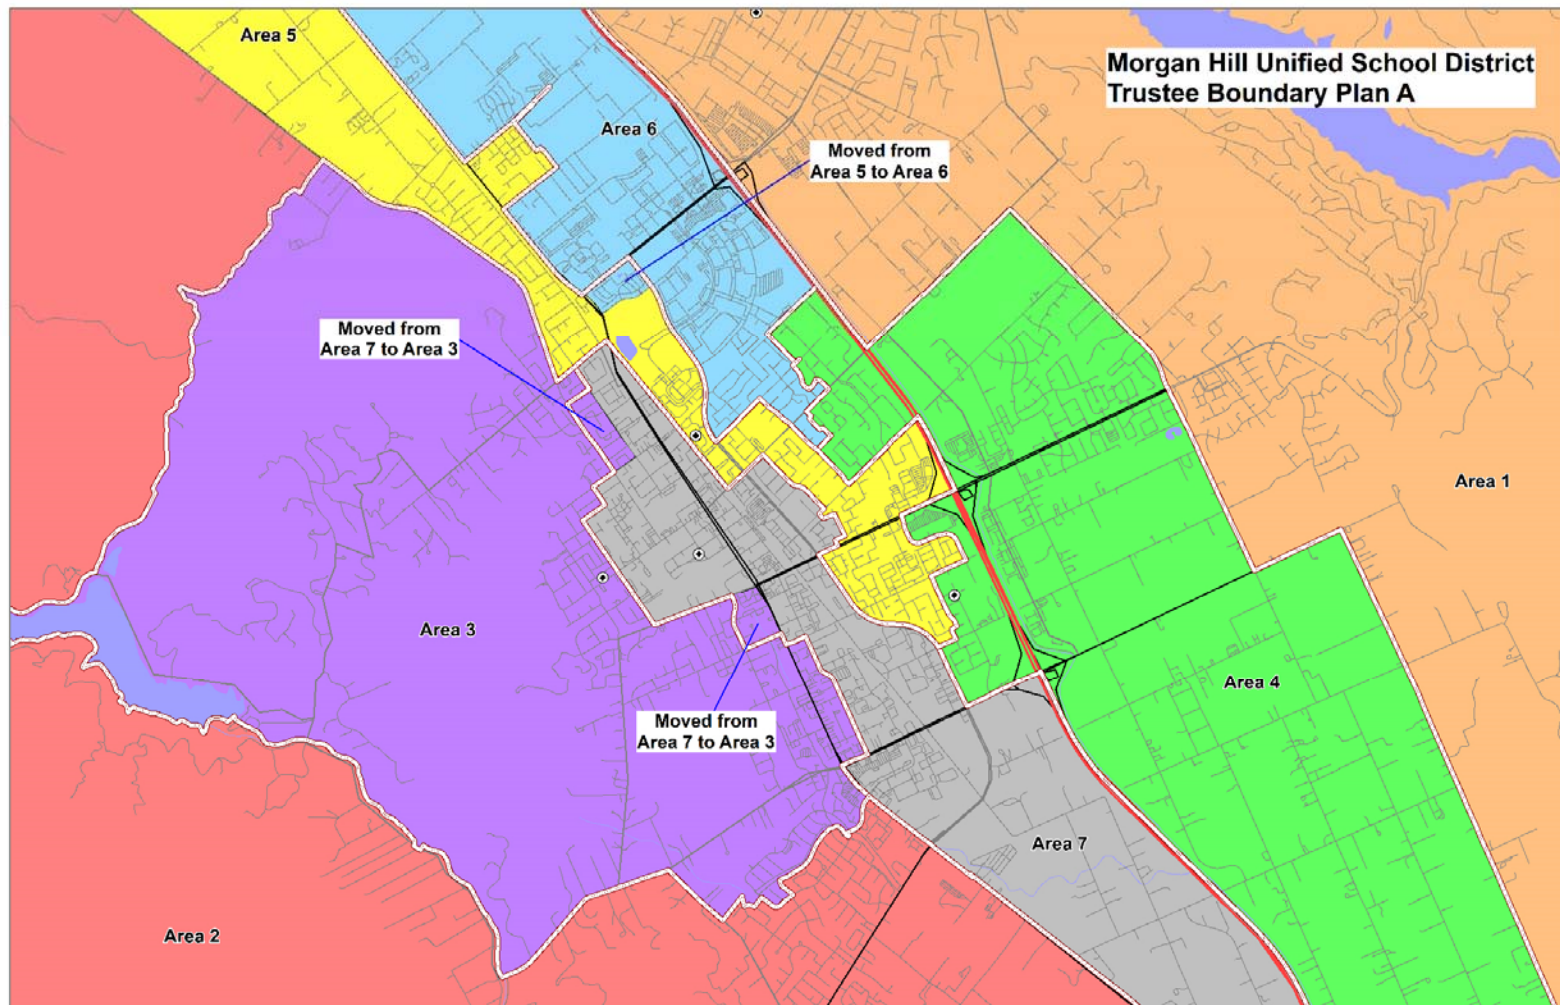

Maps B and F were removed.

Map H has been added.

CVAP = Citizen Voting Age Population

CONCLUSION / NEXT STEPS

These Maps show several possible solutions for the board to consider when complying with the requirement to re-district the trustee areas to balance the total population in each area.

A final decision to approve a boundary map needs to be completed by February 28th.
