

El Toro  
Promo  
Video

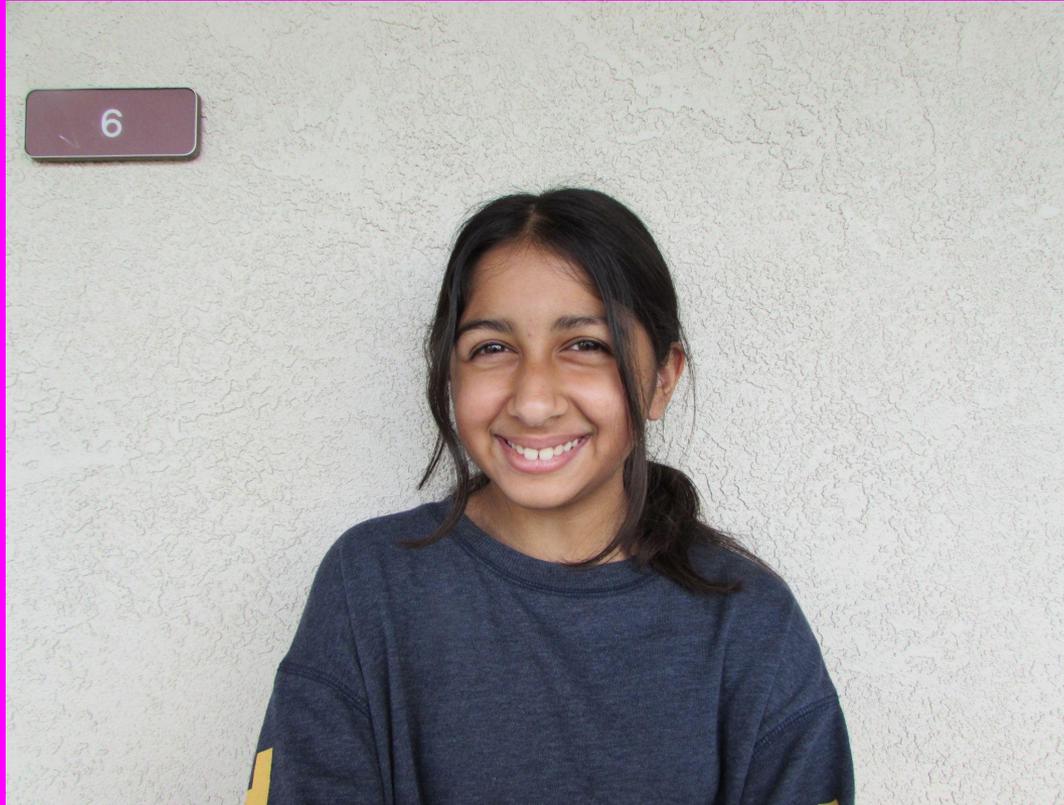

# Natalie Brinquis - ASB President

# Karisma Banwait - ASB Vice-President

# Alexandra Francique - 5th Rotary Student of the Year

The El Toro Health Science Academy  
will empower staff to utilize best  
practices, therefore ensuring

**CHALLENGING & EQUITABLE**

instruction so all students will show  
documented academic and social  
learning.

Challenging  
instruction  
refers to  
instruction  
AT OR  
ABOVE  
grade level,  
with  
supports in  
place for all  
students to  
demonstrate  
their  
learning.

Equitable  
instruction  
doesn't  
always  
mean  
equal, but  
rather  
meeting  
each  
student  
where they  
are and  
moving the  
individual  
forward.

# Reading - Recent Data

## Fountas & Pinnell

370 students out of

418 total K-5th grade students

grew at least one level this trimester.

**89% IMPROVED!!!**
