

The background features stylized illustrations of trees and bushes. On the left, a tall tree with a dark red trunk and a rounded canopy of dark green leaves with small white dots. To its right, a smaller tree with a similar canopy is partially visible. At the bottom, there are several rounded bushes of varying shades of green, also filled with small white dots. The text is centered in a bold, dark green font.

# Guiding Coalition Purpose Statement

Live Oak High School's  
Purpose Statement.

The purpose of Live Oak High School's  
Guiding Coalition is to unite and  
empower our teaching and learning  
community to celebrate our  
students' identities, take risks, and  
implement actionable goals that  
Promote courageous and equitable  
learning environments so all students  
learn at high levels.

teaching and learning  
communities mean  
all students and all  
teachers are immersed  
in student learning.

Actionable goals  
means not to hope,  
but SMART goals  
that have action and  
steps and reflection.

courageous and  
equitable means  
that students feel safe  
to take risks in the  
classroom and out.

High levels mean  
at grade level  
or higher.

All students mean  
all students/children  
who will eventually  
become independent  
adults.
